RE: Interim Response 3 to Freedom of Information Act Request: EPA-HQ-2013-009756

Dear Ms. Evans:

This letter is in response to your above-referenced Freedom of Information Act (FOIA) request to the U.S. Environmental Protection Agency (EPA). In this FOIA of September 9, 2013, you requested action plan follow-up records submitted in response to EPA's coal combustion residual impoundment assessment reports. Specifically, you requested action plan follow-up records for 46 named coal-fired electric power plants. In addition, you requested similar records for other power plants not included on the list of 46 facilities, if EPA was in possession of such information.

Please find enclosed one disk (labeled "Disk 4") containing documents responsive to your request. Similar to our earlier interim responses of December 17 and December 31, 2013, today's release represents a third partial response to your request. Specifically, we are providing records and documents for an additional ten facilities specifically named in your request. In aggregate, this release includes approximately 400 pages of information for the ten facilities listed below.

No.	Company	Facility	State	Disk No.
1	First Energy Generation	Bruce Mansfield Plant	PA	Disk 4
2	IN-KY Electric Corp.	Clifty Creek Station	IN	Disk 4
3	Progress Energy Carolinas	Roxboro Plant	NC	Disk 4
4	Louisville Gas & Electric	Mill Creek Station	KY	Disk 4
5	Salt River Project	Coronado Gen. St.	AZ	Disk 4
6	American Electric Power	John E. Amos Power Plant	WV	Disk 4
7	Arizona Public Service	Cholla Power Plant	AZ	Disk 4
8	Duke Energy	Belews Creek Steam St.	NC	Disk 4
9	American Electric Power	Cardinal Power Plant	OH	Disk 4
10	American Electric Power	Mitchell Power Plant	WV	Disk 4

The EPA is releasing these documents in full and is not invoking any FOIA exemption with regard to these eight facilities.

The EPA is in the process of reviewing potentially responsive records and information for the remaining facilities. We plan to make additional interim releases until we have issued our final determination. We anticipate providing you our next interim response by January 31, 2014.

If you have any questions concerning this release, please contact Stephen Hoffman at (703) 308-8413 or [Hoffman.stephen@epa.gov](mailto:Hoffman.stephen@epa.gov).

Sincerely,

A handwritten signature in cursive script, appearing to read "Frank Behan".
